

Will just good grades ensure my  
**SUCCESS** in the real world?

I want a job that feeds into my passion.

I am confused and do not know  
which **subjects** to choose?

# Worried

How can I be sure I have chosen  
the **correct** subjects?

Which subjects will help  
get **good** grades?

**Financial stability** is important but I also  
want to be passionate about my job?

What skills do I need to **succeed** in the real world?

# WELCOME TO GATIK JUNIOR COLLEGE

Who says learning is not fun...at Gatik it is

“

Only 20 per cent of the five million students who graduate every year get employed - Associated Chambers of commerce and industry of india report, 2017

Rote learning instills in students a sort of complacency for more than 12 years of education and they are unable to make the shift from un-questioning learners to innovators in the job market.

”

## OUR APPROACH

With more than 20 years of experience in the field of education, when it comes to learning in the 21st century we at Gatik Junior College believe in an approach that focuses not only on the syllabus and academic excellence but one that helps students develop

CHARACTER

CREATIVITY

VALUES

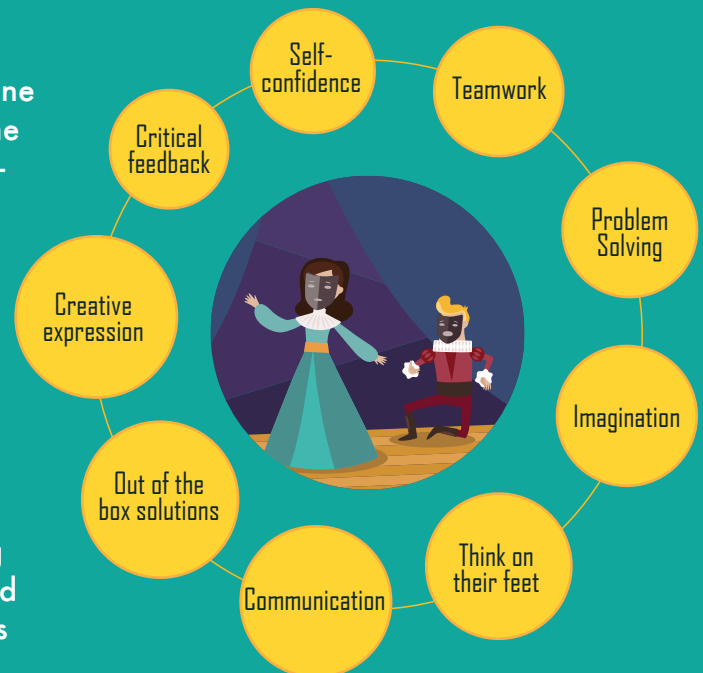

A SPIRIT OF LEADERSHIP

## BEYOND THE CLASSROOM

At GJC, we understand that scholastic excellence alone does not help students succeed in life. To be ready for the future, other skills are needed too. These include Industry-relevant skills such as Global Business Communication, Cultural Awareness, .....and other Life Skills such as Social and Emotional Intelligence.

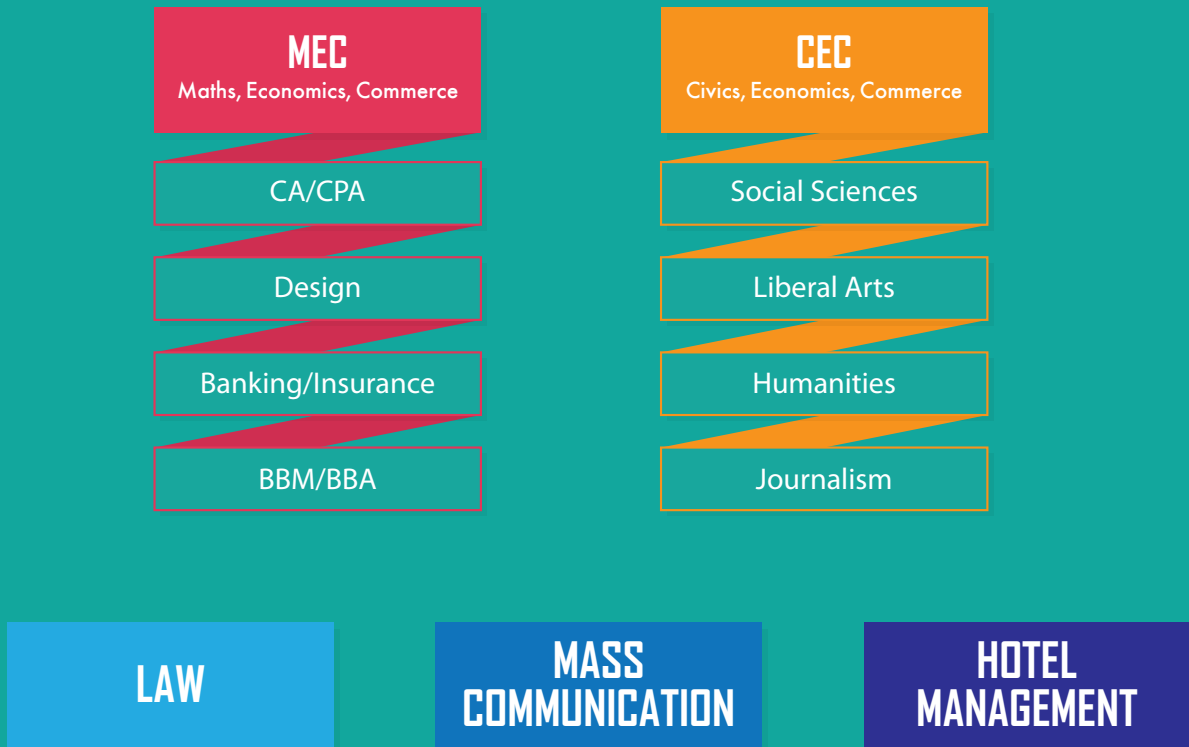

This premise has led us to collaborate with psychologists and brain-based learning experts to design holistic learning models that are centered around the learner.

We strongly believe that a comprehensive learning environment should inspire, encourage, stimulate and mentor students into becoming well-rounded individuals

## AN EYE ON THE FUTURE

At Gatik we help students pick subject combinations that provide them with a wide range of career options.

Common options for all will include careers in the Teaching and Research field, Defense Forces, Civil Services and NGO's

With the help of **PSYCHOMETRIC TESTING** and the guidance of our **TRAINED COUNSELLORS**, students will be guided through a series of activities that will help them assess their interests, personality, values and skills and decide upon a career that is best suited for them.

At Gatik, we help our students to begin building on their practical skills by putting them through a **BUSINESS APPRENTICESHIP PROGRAM.**

**AT GATIK OUR ULTIMATE AIM IS TO PROVIDE STUDENTS WITH A WELL-ROUNDED EDUCATION AND PREPARE THEM FOR THE INNOVATION ERA.**

**PARTICIPATE**

**LEARN**

**LEAD**

**TRANSFORM**
