**YOUR FUTURE STARTS HERE,
WHERE LEARNING
MEETS AMBITION.**

About GATIK

Gatik is the brain-child of our Founder and CEO Mr. Gopi Prasad K. Having close to 25 years of experience managing undergraduate institutions, he felt the need to diversify into the +2 space in the year 2016. Being a parent himself of a high school child, he strongly felt there's a need for a stress-free learning environment that focuses not only on ranks but also on overall development of the child. After all the necessary groundwork, Gatik was officially launched in 2018 along with Mr. SB Vikram and Mr. Rahul Amin on the board. Since then, Gatik had been focusing on choice based education nurturing and helping students develop and enhance their life skills. An individual should be prepared for the tough challenges he/she is going to face in the future and Gatik helps lay a foundation to face such challenges for students in the age group of 15-17.

Open spaces and environment friendly green campus provide the much-needed relief to the students and improve their learning abilities.

Some of the core values that Gatik believes and observes are

- **Human connect:** Human connect is a very critical element to ensure an all-round development of the child. At Gatik, teachers are encouraged to mentor students depending on the skill set of each child rather than following a one-size-fits-all approach.
- **Learn from failures:** We build an environment where the child is encouraged to learn from failures. This helps them to develop a strong personality so as to face the real life challenges.
- **Organization Culture:** Entire Team Gatik shares the passion of its Management Team by giving utmost importance to the organization's core values of Integrity, Social Responsibility, Innovation, Creativity and Honesty.

It is surely a long way to go, but we at Gatik are sure that the team is on the right path and focused.

AT GATIK, EVERY DREAM FINDS A DIRECTION.

OUR PHILOSOPHY

Preparing students to face life's challenges and succeed by discovering their inner potential and finding the right career path in the process. Have an enjoyable learning/growing experience where passion helps determine their profession.

OUR CORE VALUES:

INTEGRITY

SOCIAL RESPONSIBILITY

DISCIPLINE

CREATIVITY

INNOVATION

Vision

To make study interesting and engaging for students & leave them with an experience of learning with choice and guidance to achieve their goals.

Mission

We envision to holistically empower our students by providing alternative education that is stress-free while maintaining highest standards through our Integrated programs.

MR. GOPI PRASAD KODALI

CEO's Message

I am delighted and filled with gratitude as we complete seven years at Gatik. The Gatik way of education is truly unique and did not happen overnight. It has evolved with a clear purpose – to prepare students for life by instilling responsibility and accountability, helping them face failures, and teaching them how to solve problems rather than having problems solved for them.

Every milestone we have achieved comes down to one thing – the team. This vision becomes possible when everyone blends into a shared purpose. I extend my heartfelt thanks to all our teachers and team members at Gatik for putting in their heart and soul. Your commitment remains the backbone of our success.

To our students – Be curious, embrace failures as challenges, and see them as stepping stones to success. Continue the journey with confidence and resilience.

To our parents – Thank you for the trust you have placed in the institution.

To our alumni – Thank you for continuing your journey with Gatik. Alumni sessions have truly stood out as a great source of inspiration for our students.

To the industry – Thank you for accepting our students as mentees through internships and special projects. These opportunities provide an excellent platform for their growth.

Mr. S. B. VIKRAM

Director's Message

I would like to take this opportunity to share a few thoughts on one of the most significant developments of our time –

Artificial Intelligence (AI). On a lighter note, in Marathi, “AI” means mother (Aai), and indeed, AI is emerging as the mother of many future advancements.

My perspective on AI is slightly different. I see it as inclusive learning. Learning, in its true sense, should be soul-touching, should highlight national pride, be practically relevant, and most importantly, be specific to the audience it serves.

This calls for an earnest approach to understanding what is truly good for the nation and how one can channelize available resources to achieve unparalleled momentum across every field. We Indians possess the ability to transform every challenge into an opportunity for growth, for which let us get back to basics and build our core.

I would like to conclude by saying – respect education, remain open to learning, and work collectively for the larger good.

Jai Bharati!

GATIK ADVANTAGE

SMALL BATCH SIZE OF 30

At Gatik, we feel that a positive connection between students and teachers is vital. Our small batch sizes, ensure that our teachers are always available to address students' individual needs and provide the required guidance.

“STRESS - FREE LEARNING” ENVIRONMENT

State of the art classrooms, indoor and outdoor games facilities, seminar sessions, and a well-equipped library enable learning to happen in a stress-free environment.

STUDENT SERVICES: WE ARE ON YOUR SIDE

At Gatik, students will have regular access to in-house counselling. They will frequently meet their advisors and discuss their progress. They will be provided an opportunity to make suggestions, discuss any grievances and make short term plans to accomplish the goals. The Student Services department will also guide students with the Application Process for competitive exams and eventually provide support to students with admission procedures into various Universities.

REAL TIME FEEDBACK FROM THOSE WHO MATTER

We understand the importance of assessments both for students and teachers. Just as assessments provide students with insights into their performance and motivate them to improve, they also enable teachers to determine if their instruction has effectively met the learning objectives of the subject. Hence, at Gatik, we continuously evaluate students

using multiple touch points such as group discussions, presentations, quizzes, seminars, debates etc.

BEYOND THE CLASSROOM AND MORE

We motivate students to be ever curious and our values are such that they not only help students to understand and work on their hidden potential but also to become well rounded and responsible global citizens. We conduct several activities through BYTC sessions that give students a platform to discover themselves. The activities aim at building problem solving skills and inculcating team spirit, helping the students learn to collaborate, cooperate, communicate, and to think out of the box.

Career Orientation Programs help students identify what aspects of a career excite them. Industry visits allow them to see how things work at the grassroots level. Personal Excellence sessions are designed to help them with their social and emotional development.

MPC

AI for those who seek to build machines that act and think like humans.

In our MPC-Engineering / MPC-AI Program, students are prepared for Maths, Physics and Chemistry, IPE curriculum and competitive track coaching for engineering exams like JEE / BITSAT / EAMCET. In addition to this, students can opt and choose to spend two years acquiring the basics of Programming & Artificial Intelligence. They are introduced to concepts in Linear Algebra/Statistics along with Advanced Machine Learning and Programming Languages like R/Python. Our customized syllabus is crafted with the intention to improve student curiosity, cultivating creativity and discovering the basics of Artificial Intelligence. In turn, these skills help them chart a career in the field of AI.

For those who want to heal the world

NEET / EAMCET

BiPC

A Profession where Knowledge, Power & Heart come together.

Two Year Integrated Program for NEET and EAMCET is offered with a combination of BiPC (Biology, Physics and Chemistry). This is for those students who are interested in Medicine and want to help mankind by saving lives. Students would be prepared for the Common Entrance Exams like NEET and EAMCET for admissions into Medical Colleges. In addition to this, our BiPC-NEET students will also be exposed to New Age careers.

RESIDENTIAL LIFE @ GATIK

Avani Lekhara Girls Block

**We strongly believe residential facility should be
“A HOME AWAY FROM HOME”.**

The Avani Lekhara Block is situated within the main campus, with a capacity for 175 students. Girls have access to all common facilities within the campus, and rooms are air-conditioned with two attached baths on a four-sharing basis.

RESIDENTIAL LIFE @ GATIK

Late CDS Bipin Rawat Boys Block

The Late CDS Bipin Rawat Block is located in an exclusive 1.5-acre campus near the main campus, accommodating up to 300 students. Air-conditioned rooms with attached baths are provided on a three-sharing basis.

Students are given a day schedule starting 5:30AM everyday until 9:30PM, which has to be followed by every student. Day starts with fitness regime followed by study hours for students needing attention.

- Rooms are designed to give students comfortable personal living spaces and give them a sense of a home away from home.
- Rooms are furnished with all essential amenities including cot, wardrobe and a study table with chair.
- Girls hostel block has separate study rooms at ground floor which are further segregated on basis of their groups.

- Residential block has a common lounge for students to hang-out. There is a recreational lounge in ground floor equipped with some indoor sports. Boarders can also look forward to outdoor sport activities like Volleyball, Basketball & Badminton.
- A robust round-the-clock security system, with CCTV surveillance, keeps the campus safe and secure.
- We have a tie-up with nearby hospitals to handle any medical emergencies and are equipped with a vehicle for transportation.

INTERNSHIP @ GATIK

As a part of the training course, students will be involved in various Community Service Activities and offered Internships that will help them gain hands on experience to serve and understand the society better.

“

We are very pleased with Gatik's approach to student care. Their education system is entirely stress-free. My son is currently studying there, and we are extremely satisfied with the progress he has made so far. The staff's motivation and support enable all students to pursue their dreams successfully.

-Bhaskara Rao

”

Gatik is literally built different, and genuinely I've felt it every single day here . I came in knowing I could do something, but this place actually made me realise how much more I'm actually capable of. It's not just about books or marks ,it's the way things here push you without you even noticing . Honestly, trust me no other college gives this vibe. Gatik just hits different . Thankyou Gatik. You really are built different.

-Daggumati Geetika

”

I extend my heartfelt gratitude to Gatik Junior College – Bhanur Campus, for fostering my daughter's academic and personal development over the past two years. The institution's commitment to holistic growth, discipline, and professional exposure has been exemplary. I sincerely appreciate the dedication and cordiality of the teachers, as well as the care and discipline demonstrated by the administrators and staff members, which have made her educational journey smooth and memorable. Life at Gatik will always hold a cherished place in our hearts. Thank you for providing this exceptional experience.

-Samit Tripathy

”

One of the best junior college , as quoted they indeed provide a stressfree atmosphere which really helps us grow, learn and inculcate. Has the best faculty who not just teach but also support and help through out. I am really grateful and happy to be a part of them .

-G.Shravya Sree

”

Gatik Junior College has exceeded my expectations in every aspect. The faculty members are not only experts in their fields but also incredibly supportive and they also focus on the over all growth of the student performance. The curriculum is well structured , providing a comprehensive understanding of the subjects .The college commitment to student success is evident through various resources I highly recommend this college for anyone seeking an enriching and positive educational journey.

-Koti Harshitha

”

The best college with great faculty, good infrastructure which provides best education along with preparation for competitive exams.This college helps in overall development of students and it builds all the good qualities in them and brings out all the necessary skills in them. This college also conducts various events and bytc's. Finally this college would be best gift for any student after 10th.
